Mr. Todd Tesseo
Mr. Gary Soprano
Sabre Imagery Inc.
251 West Central Street, Suite 7A
Natick, MA 01760

Dear Todd:

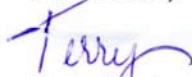

The rider brochures have been printed and received by our group of 500 potential riders and sponsors! All reports are encouraging! Rider entries are coming in strong and we've been able to attract more than \$15,000 in sponsor income to date. Thank you kindly for graciously donating your creative services to the 8th Annual Cycle for Haylee. By enhancing and improving our rider brochure you have played a meaningful role in our initial success. *Please share in our enthusiasm for 2005.*

For many years, behind the scenes, Sabre Imagery has helped to move along the progress of CF research. By making sure that our costs have remained low and providing a top-notch product, you guys ensure that more of the funds we raise are dedicated to research.

The future of people with CF depends upon continued support from generous donors, families and loyal friends like you. With more than two-dozen potential therapies in the pipeline, people with CF are likely to enjoy long, healthy lives, while pursuing their goals and dreams to the fullest. Together we are making a difference.

Please accept these mementos from the Cycle for Haylee as a small expression of our thanks. Stay in touch and feel free to join us for the ride if you're free on 10/01/05! Thanks again.

Best wishes,

Terry Waite
Director of Special Events
