Dear Gary,

I wanted to thank you for your dedication and commitment to making the second annual Stuart Weitzman Fashion Show such an incredible success! All of your hard work certainly paid off. The Ovarions for the Cure website looks truly amazing and the site is so easy to navigate. All of the marketing materials were beautiful, as were the event day collateral, including the program book, the menus, the signage – the list goes on!

The show was unparalleled for the second year in a row...everything flowed perfectly and the video was so powerful. I know how personal this event is for you...my kudos to you and your staff!

Enclosed is a story about the event and the initiatives it supports, which was recently published in *Inside the Institute*, our weekly newsletter.

Gary, thank you again, and congratulations!

Warmest regards,
